# Beautification Project

Artists Wanted!

The administration of the Davis-Linden Building has heard your concerns. We are happy to announce that we are working on beautifying our building and making it more appealing to the eye. As part of this project we will be offering spaces both inside and out to tenants who would like to put up a mural or other art pieces on the walls. The above photos are just a few of the places we will be offering to tenants. Anyone who is interested should submit design ideas either via email or by dropping them in the yellow Office Boxes which are located inside doors 8 and 9. If you have any questions please contact Becca Brumfield.

## Logo redesign contest

We are also looking to redesign the logo for the building to better represent all the creativity and innovation that occurs in the building. The picture above is our current logo, but we believe you as the tenants can come up with something better. We would like for it to be somewhat simple so that we can easily put it on letterheads, work shirts, and other business related items. However, we want something that better represents the building as a whole. Anyone with design ideas should again submit them to Becca Brumfield via email by March 9. All submitted designs will be compiled and posted for the tenants of the building to vote on their favorite, voting will take place March 11-16 and the winner will be announced on Monday March 17. The winning design will become the new logo and the winner will receive a \$50 discount on their April rent.
